Thankfulness Even When It Hurts
By Susan Lutz
P&R Publishing © 2002

"Thankfulness is God's Idea."

"Being thankful allows us to be a part of what's going on in heaven even before we get there."

"If you are thankful, it's much harder to be cynical and sarcastic

about life. You know God has a purpose."

"Being thankful is one of the responses that strengthens our relationship with God."

"We don't need to give thanks for evil, but we are meant to give thanks for God's ability to overrule evil and use it for good."

"If you are thankful, it's just about impossible to be hopeless."

"When you are thankful, it helps you to realize that you are not defined by your problems or your circumstances."

"Being thankful helps us to interpret our lives in the light of his faithfulness."

"If you are thankful, you're much less likely to be overwhelmed when you are wronged."

"All the way through, thankfulness promotes God's loving purpose to draw us close to him, to make us more like him, and to help us live out the life he has planned for us."

"So then, just as you received Christ Jesus as Lord, continue to live in him, rooted and built up in him, strengthened in the faith as you were taught, and overflowing with thankfulness" (Colossians 2:6-7).
